MAG® | Ensuring Your Peace of Mind.

Convenient security is made more affordable

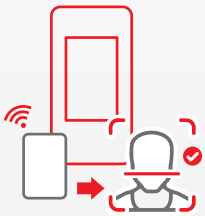
FA131 is a cost-effective face recognition reader designed for offices. No more cost of lost cards, hassle of card re-issuance, inaccurate record due to buddy punching, or risk of past employee unauthorized access with a cloned card. Its sleek, compact design fits seamlessly into any office environment while giving you reliable security and extensive time attendance.

FA131 Series

BASIC FACE RECOGNITION READER

VERSATILE ACCESS

Supports face, card, and pin access to suit your needs or better facilitate the transition from card to face access.



FLEXIBLE SETUP

Offers reliable wired TCP/IP connectivity, with built-in Wi-Fi as a cost-effective alternative where cabling is difficult or costly.

ANTI-SPOOF DETECTION

Dual lens use IRSense technology to detect “live face” and rejects printed or displayed photos to ensure real genuine identity.

INTELLIGENT MASK-ON FACE RECOGNITION

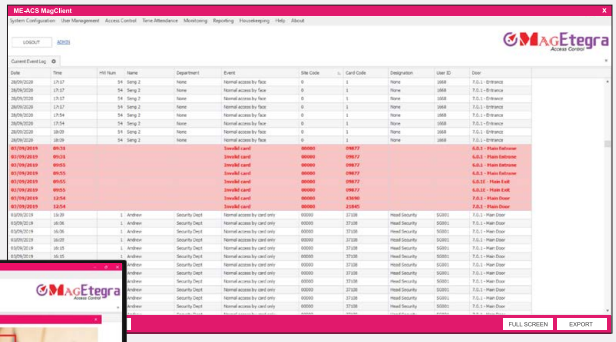
Recognizes faces even when users wear masks to be prepared in the event of any pandemic returns.

MAG.COM.MY

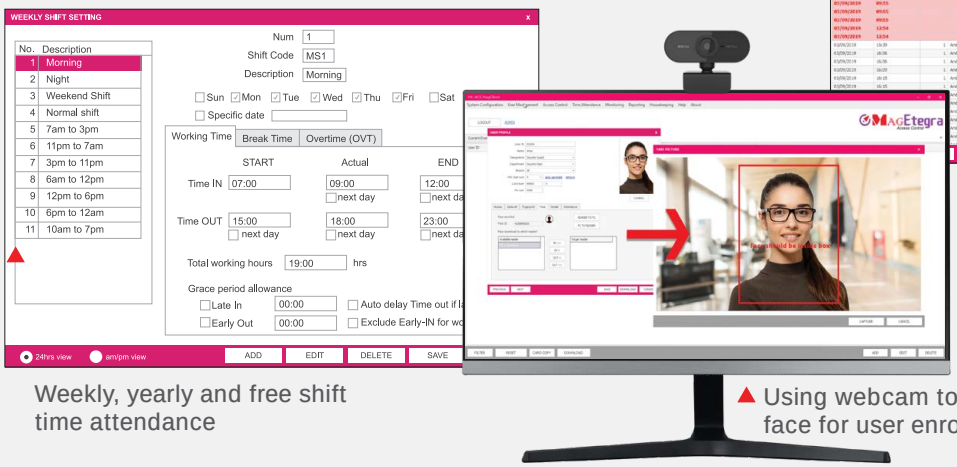
Seamless Integration with MagEtegra – Smart Access, Effortless Control
Our face recognition reader works flawlessly with **MagEtegra**, our advanced access control software. Enjoy the **free Lite version**, optimized for small to mid-sized offices, with the flexibility to upgrade to **Standard**, **Pro-Basic** or **Pro-Advance** as your business grows.

SOFTWARE

- **Time Attendance Tracking** – Accurately record clock-in and clock-out times to monitor staff punctuality.
- **Detailed Event Logs** – Track entry and exit timestamps with employee user IDs for better access visibility.
- **Hassle-Free Enrolment** – Quickly enrol users with a webcam on a PC in just seconds.



▲ Events record from multiple readers is centralized into a single view in ME-ACS for faster review, search, filter and reporting.



Weekly, yearly and free shift time attendance

▲ Using webcam to capture face for user enrollment
